

## Information Letter №2

Dear colleagues!

VIII All-Russian Conference with international participation "Mountain ecosystems and their components", dedicated to the Year of Science and Technology in the Russian Federation will be held in the building of Berbekov Kabardino-Balkar State University: Nalchik, 173 Chernyshevskogo str., "Boiling Point".

The conference program includes the following sections:

1. Soils (biological properties, ecological condition, methods of assessment of condition and restoration);
2. Flora, vegetation, mycobiota (protection and ecologically balanced use);
3. Invertebrate animals (biodiversity, variability, species and population diversity, dynamics in time and space, conservation)
4. Vertebrates (biodiversity, variability, species and population diversity, dynamics in time and space, conservation);
5. Scientific bases of ecologically balanced nature management and protection of natural resources, including problems of invasions of alien organisms. Environmental education.

The third information letter will provide coordinates for connecting participants remotely.

Participants of the conference determine and book accommodation by themselves. The Organizing Committee offers the following accommodation options:
