**Nalchik**

Dear Colleagues!

The Organizing Committee of the IX All-Russian Conference with international participation "Mountain Ecosystems and Their Components" invites you to take part in the conference, which will take place on September 22-28, 2024 in Nalchik at the Tembotov Institute of Ecology of Mountain Territories RAS and Berbekov Kabardino-Balkarian State University. The conference will be held in the following scientific areas:

- biological diversity in mountain conditions (patterns of its formation, species and population diversity, dynamics in time and space);
- ecology and evolution of organisms and communities in mountainous areas;
- ecological foundations for the rational development and protection of natural mountain resources.

**The conference program includes a plenary session and sections:**

Section 1 – Soils (biological properties, ecological state, methods of condition assessment and restoration);

Section 2 – Flora, vegetation, mycobiota (alien elements, biodiversity, variability, species and population diversity, dynamics in time and space, protection and environmentally balanced use);

Section 3 – Invertebrate animals (alien elements, biodiversity, variability, species and population diversity, dynamics in time and space, protection);

Section 4 – Vertebrates (alien elements, biodiversity, variability, species and population diversity, dynamics in time and space, protection and ecologically balanced use);

Section 5 – Environmental, geographical, economic problems and environmentally balanced mountain resource management;

Section 6 – The role of protected areas, environmental awareness and education in matters of conservation of mountain ecosystems and their components and rational environmental management.

The working language of the conference is Russian.

The conference format is face-to-face and remote via video conferencing.

An electronic collection of abstracts with an ISBN assignment will be posted in the RSCI.

By decision of the organizing committee, the most relevant materials, in agreement with the authors, will be published in a special issue of the journal "Izvestia RAS. Biological series."

## **TO THE ATTENTION OF CONFERENCE PARTICIPANTS**

1. All abstracts are published in the author’s version; minimal editorial changes are possible.

2. Proposals for the formation of round tables are accepted.

3. The organizing committee has the right to reject an application for participation in the conference if:

- the topic of the report does not correspond to the scientific directions of the conference;
- the deadline for submitting applications and abstracts for participation in the conference has expired.

The registration fee is *500 rubles* for graduate students, *1500 rubles* for other participants. Payment of the registration fee gives the right to participate in the conference and receive a participant kit (conference program, conference participant certificate).

## **KEY DATES FOR THE ORGANIZATION OF THE CONFERENCE:**

**February 15, 2024** – first information letter;

**April 10, 2024** – last day for accepting applications for participation in the conference;

**June 5, 2024** – last day for accepting abstracts for publication;

**June 15, 2024** – decision of the organizing committee on the list of articles for publication in the journal “Izvestia RAS. Biological series”, sending proposals to the authors;

**July 1, 2024** – second information letter, information will be given on possible locations for the conference participants;

**August 15, 2024** – is the last day for submitting custom articles for publication in the journal “Izvestia RAS. Biological series”;

**August 30, 2024** – third information letter, conference program, organizational information for participants.

## **CONFERENCE PLAN**

**September 22** – arrival of participants,

**September 23-26** – conference work,

**September 27** – offsite meeting,

**September 28** – departure of participants.
